**PAIN!!!
It
is
a
night
that**

is
almost
pitch
black,
and
I
hear
something
slithering.

So
I
threw
my
hatchet
at
the
sound
but
I
missed
and
then
my
leg
was
driven
with
needles
as
painful
as
a
dagger
stabbing
a
deer.
Until
I
realize
that
my
leg
had

a
porcupines
needles
in
them!
When
I
pulled
them
out
I
went
to
sleep with the pain still in my leg and
thigh.
